### APPLICATION REQUIREMENTS AND PROCESS

All applicants must satisfy requirements that are set forth by the Graduate School (<https://grad.wisc.edu/apply/requirements/>). Applicants are required to provide the following materials:

1. Unofficial transcripts. Unofficial transcripts from all previous postsecondary studies are required for all PhD applicants. Unofficial transcripts should be uploaded to the application system. If an applicant is recommended for admission by the department, official transcripts will be submitted directly to the Graduate School by the student's postsecondary institution.
2. Three reference letters. Ask for detailed letters from people who are able to judge your qualifications for graduate work in this field. Most useful are letters from faculty who have taught you in one or more

classes. In the application, you will supply their email addresses and the Graduate School will send instructions on how to upload letters.

3. Statement of Purpose: Summarize educational and career goals, past experiences relevant to future study, and career plans. Include details about your specific applied economics areas of interest.
4. Resume or curriculum vitae (cv).
5. GRE scores. GRE are required and cannot be waived.
6. International Applicants: International degree-seeking applicants must prove English proficiency using the Graduate School's requirements (<https://grad.wisc.edu/apply/requirements/>).
7. Application Fee: Submission must be accompanied by the one-time application fee. See the Graduate School FAQ (<https://grad.wisc.edu/apply/>) for fee information. Fee grants are only available through the conditions outlined here by the Graduate School (<https://grad.wisc.edu/apply/fee-grant/>).
