## FUNDING

### FUNDING

#### GRADUATE SCHOOL RESOURCES

The Bursar's Office provides information about tuition and fees associated with being a graduate student. Resources to help you afford graduate study might include assistantships, fellowships, traineeships, and financial aid. Further funding information is available from the Graduate School.

Be sure to check with your program for individual policies and restrictions related to funding.

#### PROGRAM INFORMATION

All applicants who are admitted for graduate studies are automatically considered for scholarship support. No separate application is required.

Our professional master's program does not provide funding guarantees through graduate assistantships, but students may apply for Teaching Assistantships in the department for their second year of the program. This application is open during the Spring semester for students already matriculated in the program.
