

ATHLETIC TRAINING, MS

CERTIFICATION/LICENSURE

CERTIFICATION/LICENSURE

The program is accredited by the Commission on Accreditation of Athletic Training Education (<https://caate.net/>) and students are eligible to sit for the national Board of Certification exam (<https://bocatc.org/>) after successful completion of the MSAT program.

Currently, 49 states and the District of Columbia regulate the practice of athletic training. Individuals must be legally recognized by the appropriate state regulatory agency prior to practicing athletic training. The Board of Certification (BOC) exam is recognized by all athletic trainer state regulatory agencies to meet their exam requirement. Compliance with state regulatory requirements is mandatory and the only avenue to legal athletic training practice.

PROFESSIONAL CERTIFICATION/LICENSURE DISCLOSURE (NC-SARA)

The United States Department of Education (via 34 CFR Part 668 (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI/part-668/?toc=1>)) requires institutions that provide distance education to disclose information for programs leading to professional certification or licensure. The expectation is that institutions will determine whether each applicable academic program meets state professional licensure requirements and provide a general disclosure of such on an official university website.

Professional licensure requirements vary from state-to-state and can change year-to-year; they are established in a variety of state statutes, regulations, rules, and policies; and they center on a range of educational requirements, including degree type, specialized accreditation, total credits, specific courses, and examinations.

UW-Madison has taken reasonable efforts to determine whether this program satisfies the educational requirements for certification/licensure in states where prospective and enrolled students are located and is disclosing that information as follows.

Disclaimer: This information is based on the most recent annual review of state agency certification/licensure data and is subject to change. All students are strongly encouraged to consult with the individual/office listed in the Contact Information box on this page and with the applicable state agency for specific information.
