

NURSING PRACTICE: ADULT/GERONTOLOGY PRIMARY CARE NURSE PRACTITIONER, DNP

This is a named option with the Nursing Practice, DNP (<https://guide.wisc.edu/graduate/nursing-school-wide/nursing-practice-dnp/>).

- The Adult Gerontology Primary Care Nurse Practitioner DNP track focuses on holistic patient centered care for individuals from age 13 through the lifespan. This includes training in health promotion, disease prevention, and the treatment of acute and chronic conditions.
- Clinical Placement Coordinators organize clinical experience opportunities at a variety of settings in internal medicine and specialty practice such as in academic healthcare systems, national healthcare systems, college health clinics, correctional facilities, long term care, community health, urgent care, and homecare.
- Adult Gerontology Primary Care Nurse Practitioner students are also presented with the opportunity to complete the Global Health Certificate Program and/or the Nurse Educator Certificate Program which complements the curriculum and sets graduates up to succeed in a teaching career.
