

# NURSING PRACTICE: PEDIATRIC PRIMARY CARE NURSE PRACTITIONER

This is a named option with the Nursing Practice, DNP (<https://guide.wisc.edu/graduate/nursing-school-wide/nursing-practice-dnp/>).

- The Pediatric Primary Care DNP program focuses on patient care from birth to 21 years old in settings like primary care, specialty care, and school-based health care.
- Clinical Placement Coordinators organize clinical experience opportunities at multiple locations across the state, including urban and rural primary care, specialty care and Wisconsin Children's hospitals.
- As part of the program, Pediatric Primary Care students receive the opportunity to apply for the UW-Madison LEND (Leadership Education in Neurodevelopmental Disabilities and Related Disabilities) Fellowship.
- Most Pediatric Primary Care students also graduate with at least one published journal article.
- Pediatric Primary Care students are also presented with the opportunity to complete the Global Health Certificate Program and/or the Nurse Educator Certificate Program which complements the curriculum and sets graduates up to succeed in a teaching career.
