Advanced Generalist Specialization

In a broad social justice framework, advanced practice (students continuing from the Generalist years) or advanced standing (students entering the Program with a recent BSW) MSW students complete an advanced generalist practice specialization. Students may choose one of two optional focus areas:

1. Child, Youth, and Family Welfare; and
2. Mental Health.

For more information about focus area recommendations, students should refer to the Specialization Handbook found on the Social Work website Student Resources page (<https://socwork.wisc.edu/students/resources/>).

Students complete an **Advanced Practice** class in a focus area, a **Policies & Services** class in a focus area, a sequence of **Field Practice**

in a focus area, **Advanced Macro Practice**, and three "free electives" chosen in consultation with an advisor. Students may choose to complete their advanced generalist practice specialization with no focus area, and still complete **Advanced Practice, Policies & Services**, and **Field Practice** courses that are based within focus areas, in addition to **Advanced Macro Practice** and three "free electives" chosen in consultation with an advisor.
