

COMMUNITY AND NONPROFIT LEADERSHIP, CAPSTONE CERTIFICATE

The Community and Nonprofit Leadership capstone certificate embraces a multi-disciplinary, ecological, community-centered approach with a focus on community dynamics, community-led efforts and organizational management approaches. It encourages critical thinking and skill-building which acknowledges and addresses root causes, alongside the development of tactical, operational, and management skills typically associated with nonprofit leadership.

Community partner relationships and community-wisdom-centered teaching are a central feature to this program. Students can expect to benefit from the contributions of a network of local, regional, statewide, tribal, national and international guest contributors, and in-the-field observations and experiences while learning from UW-Madison-based instructional faculty. Students also benefit from a rich learning community of fellow learners with a broad range of interest areas across different communities and types of nonprofit organizations.

Students will also have the opportunity to customize their learning experience by pairing nonprofit and community leadership skills with explorations in their own area of interest (i.e. food systems, human services, youth organizations, the arts, advocacy or environmental efforts).
