

POST-GRADUATE PSYCHIATRIC NURSING, CAPSTONE CERTIFICATE

The UW–Madison School of Nursing offers this hybrid post graduate Psychiatric Nursing capstone certificate. Nurses who already hold a master's or doctoral degree in advanced practice nursing have the opportunity to gain skills and knowledge to be an expert mental health practitioner.

The capstone certificate begins in summer and takes 18 months to complete. Students spend a full day on campus every other week for class meetings and spend two to three days per week in clinical placements. This blended approach provides access to courses even for those who live outside of Madison, with readings and discussions online.

Students work two full days per week in clinical practice. Faculty will actively seek to secure a clinical placement that provides a balance of skills and breadth of professional experience across the full lifespan of patients while doing their best to accommodate the student's family and professional responsibilities. Students will be expected to travel for their clinical placement.

Further details, including current tuition and costs, are available at the program's website (<https://nursing.wisc.edu/certificates/psych-nursing/>) or by contacting the School of Nursing.
