C&E SOC Elective ²	3 International Studies	3
Biological Science	3 Additional Science Course	3
Additional Electives	6 Electives	6
15		15

Total Credits 30

Senior

Fall	Credits Spring	Credits
C&E SOC 500 ³	3 Humanities	3
Electives	12 Electives	12
15		15

Total Credits 30

¹ Electives should be chosen in order to satisfy university and CALS requirements. See requirements tab for details.

² Community and environmental sociology electives include the community course set and the environmental course set. See requirements tab for details.

³ Students may take the capstone course either semester of their senior year. The fall semester and spring semester courses may have different content.

The above plan assumes that a student enters with standard high school preparation (algebra, geometry, third-year math, two years' foreign language).
