

SCIENCE COMMUNICATION, CERTIFICATE

WISCONSIN EXPERIENCE

WISCONSIN EXPERIENCE INTERNSHIPS

LSC staff notify certificate students of opportunities to apply for summer and academic year internships related to science communication. Students could intern with marketing agencies, environmental and sustainability organizations, and healthcare and agricultural agencies.

STUDENT ORGANIZATIONS

LSC is home to the Science Communication Club, Journal of Undergraduate Science and Technology (JUST), and the National Agri-Marketing Association UW-Madison chapter (<https://lsc.wisc.edu/student-organizations/>), and there are many additional opportunities for students to get involved with other student organizations on campus.

COMMUNITY ENGAGEMENT AND VOLUNTEERING

Certificate students could volunteer in healthcare, non-profits, advocacy agencies, and more. The Morgridge Center for Public Service (<https://morgridge.wisc.edu/>) provides resources to help students connect with volunteer opportunities based on their interests and goals.
