

SOIL SCIENCE, BS

WISCONSIN EXPERIENCE

WISCONSIN EXPERIENCE

Students majoring in soil science are involved in an array of opportunities across campus. Students are highly encouraged to complement their coursework with out-of-classroom experiences such as research (<https://soilenvsci.wisc.edu/research-and-extension/research/>), volunteering (<https://morgridge.wisc.edu/>), internships (<https://cals.wisc.edu/academics/undergraduate-students/outside-the-classroom/internships/>), and study abroad (<https://www.studyabroad.wisc.edu/>).
