

BUSINESS: RISK MANAGEMENT AND INSURANCE, BBA

The major in risk management and insurance (<https://business.wisc.edu/undergraduate/majors/risk-management-insurance/>) prepares students to identify, analyze, and manage risks that are inherent in the operation of profit and not-for-profit institutions. Besides professional careers in risk management, the major cultivates skills required for challenging opportunities in organizations that accept these risks—private and governmental insurers, as well as brokerage/agency and consulting organizations.

The program of study may be structured to aid students seeking professional designations of Chartered Property and Casualty Underwriter (CPCU) and Associate in Risk Management (ARM).

RECOGNITION

Our risk management and insurance undergraduate program is consistently ranked among the leading programs in the U.S. by *U.S. News & World Report*.
