

# BIOMEDICAL ENGINEERING, BS

## ACCREDITATION

### ACCREDITATION

Accredited by the Engineering Accreditation Commission of ABET (<https://www.abet.org>), <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Bioengineering and Biomedical and Similarly Named Engineering Programs.

### PROGRAM EDUCATIONAL OBJECTIVES FOR THE BACHELOR OF SCIENCE IN BIOMEDICAL ENGINEERING

We recognize that our graduates will choose to use the knowledge and skills that they have acquired during their undergraduate years to pursue a wide variety of career and life goals, and we encourage this diversity of paths. Whatever path graduates choose, be it a job, postgraduate education, or volunteer service, be it in engineering or another field, we have for our graduates the following objectives, that they will:

1. continue to exhibit strong skills in problem solving, leadership, teamwork and communication;
2. use these skills to contribute to their communities;
3. make thoughtful, well-informed career choices;
4. demonstrate a continuing commitment to and interest in their own and others' education

Note: Undergraduate Student Outcomes, number of degrees conferred, and enrollment data are made publicly available at the Biomedical Engineering Undergraduate Program website (<https://engineering.wisc.edu/programs/degrees/biomedical-engineering-bs/>). (In this Guide, the program's Student Outcomes are available through the "Learning Outcomes" tab.)
