CAREER EXPLORATION AND PREPARATION

Gain Experience

The Department of Communication Arts encourages students to apply the knowledge and skills they attain through coursework to professional settings. Internships and part-time jobs at television networks, production companies, nonprofit organizations, talent agencies, advertising agencies, and other media-related businesses help students gain work-related experience and explore career options. Emails and postings provide certificate students with information on opportunities across the country.

Attend Events

Throughout the academic year, students have the opportunity to participate in several communication-focused, career-related events.
