## ADVISING AND CAREERS

### ADVISING AND CAREERS

The Environmental Studies major (<https://nelson.wisc.edu/undergraduate/environmental-studies-major/>) offers unique opportunities for undergraduate students to broaden their studies through interdisciplinary coursework related to the environment. See undergraduate advising (<https://nelson.wisc.edu/undergraduate/advising/>) for more information about declaring the major or certificate.

Environmental Studies students are represented in majors all across campus and in most undergraduate schools and colleges. Environmental studies majors should utilize the career office for their home school as appropriate.

### SUCCESSWORKS

SuccessWorks (<https://successworks.wisc.edu/>) at the College of Letters & Science helps you turn the academic skills learned in your classes into a fulfilling life, guiding you every step of the way to securing jobs, internships, or admission to graduate school.

Through one-on-one career advising, events, and resources, you can explore career options, build valuable internship and research experience, and connect with supportive alumni and employers who open doors of opportunity.
