

DATA SCIENCE, BA

HOW TO GET IN

HOW TO GET IN

To declare the data science major, students must have:

- Fewer than 86 credits (senior standing)
- Attended a data science major declaration event

Students may declare in their first semester on campus, without an established GPA. However, if courses have been completed at UW-Madison, the following applies:

- At least a 2.000 GPA on coursework that would count in the major
- At least a 2.000 GPA on coursework that would count as upper-level work in the major

or

- At least a 2.000 GPA in these preparatory courses: MATH 96, MATH 112, MATH 113, MATH 114, MATH 171, MATH 211, COMP SCI 200, COMP SCI/E C E 252, COMP SCI 310.

Please see the Data Science major page (<https://stat.wisc.edu/undergraduate-data-science-studies/>) on the Department of Statistics website for information on how to declare the major and meet with advisors.

Students declared in the Data Science certificate or Statistics Certificate may not declare the Data Science major. Students who wish to declare the Data Science major must first cancel their Data Science and/or Statistics certificate.
